

# People living with advanced progressive illness – Palliative Care

**Date:**  
Tuesday  
6 May 2014

This event will provide GPs and their Practice team with an opportunity to learn about two hot-topics in the palliative care field.

**Dr Julia Wootton**, Director of Palliative Care Services, St Vincent's Private Hospital Brisbane  
**Presentation – Palliative care in neurological disease**

**Time:**  
6.30pm - 8.30pm  
Registration, canapés and presentations.

This session will outline the role of palliative care in neurological disease and cover the predominant symptoms in patients. Following this session participants should be able to understand the role of specialist palliative care in neurological disease, understand the role of the multidisciplinary team and be able to recognise and treat common symptoms.

**Venue:**  
Rehabilitation Unit  
(Gym area - Level 1)  
SVPHB  
411 Main Street,  
Kangaroo Point

**Dr Phillip Good**, Palliative Care Specialist  
**Presentation – Assessing fitness to drive in palliative care patients**

This session will educate GPs about the palliative care patients' fitness to drive. It will help GPs learn about assessment of such patients, including being aware of driving guidelines, approaches to patients who are non-compliant with driving instructions and the resources available to GPs to assess driving fitness.

*Ample parking is available on site.*
